

Protect yourself and your patients:

- With the right equipment
- And the right information

Do your part to ensure our
patients' values are
Expressed, Heard and Respected!

ASK YOURSELF:

- Does my patient have a **MOST**?
- Do I know my patient's values, goals, and beliefs about their health and care?
- Has my patient appointed a Substitute Decision Maker (to make decisions should my patient become incapable)?
- Have I recorded what I know in the patient's health record?

NEED HELP?

- Go to the **MOST** Intranet page for information and tools related to **MOST**, Advance Care Planning, and documentation.
- Learn about conversation tools for serious illness (search Conversations on the Intranet Home Page).
- Contact the **ACP/MOST** Coordinator most@viha.ca or ext. 53379.

Medical Orders for
Scope of Treatment
